**Note to Users (over)**  
**Avis aux Utilisateurs (verso)**

**\*\*\*Note to Users\*\*\***

Beginning January 2011, the Canadian Accounting Standards Board (AcSB) adopted International Financial Reporting Standards (IFRS). Chartered banks with December 31st year-end converted to IFRS on January 1st, 2011, while chartered banks with October 31st year-end convert on November 1st, 2011. The most significant effect relates to the inclusion of securitized loans on banks' balance sheets, which were previously shown as loans held by Special Purpose Corporations or NHA mortgage-backed securities.

**\*\*\*Avis aux Utilisateurs\*\*\***

*Le Conseil des normes comptables du Canada a adopté, en janvier 2011, les Normes internationales d'information financière (IFRS). Les banques dont l'exercice financier se termine le 31 décembre sont passées aux normes IFRS le 1er janvier 2011, tandis que celles dont l'exercice se termine le 31 octobre le feront le 1er novembre 2011. Le principal changement concerne l'ajout des prêts titrisés au bilan des banques. Ceux-ci étaient auparavant inscrits comme prêts détenus par des sociétés de titrisation ou titres hypothécaires émis en vertu de la Loi nationale sur l'habitation.*

**Weekly Financial Statistics**

| Bankers'                         | Prime corporate |

Effective 16 September 1997 the weekly issuance pattern of treasury bills was replaced by a 2-week cycle and the maturity of 3-month treasury bills was lengthened by 7 days. Since 19 March 1998 (after a transition phase of six months), the maturity pattern follows a 2-week cycle.

*Le 16 septembre 1997, le calendrier hebdomadaire des adjudications de bons du Trésor du gouvernement du Canada a été remplacé par un cycle de deux semaines et l'échéance des bons du Trésor à trois mois a été prolongée de sept jours. Depuis le 19 mars 1998 (après une période de transition de six mois), le calendrier des échéances suit également un cycle de deux semaines.*

CERI EXCHANGE RATE INDEX AND \$U.S. EXCHANGE RATE  
TAUX DE CHANGE DU DOLLAR CANADIEN PAR RAPPORT AUX MONNAIES COMPOSANT L' INDICE TCEC ET AU DOLLAR É.-U.

LAST DATA POINT PLOTTED: 16-Mar-11  
FIN DE LA PÉRIODE CONSIDÉRÉE: 16-mar-11

The Canadian-dollar effective exchange rate index (CERI) replaces the C-6 index as the Bank's new measure of the value of the Canadian dollar vis-à-vis the currencies of its most important trading partners.

L'indice de taux de change effectif du dollar canadien (indice TCEC) s'agit du nouvel indice que la Banque utilise pour mesurer la valeur du dollar canadien par rapport aux monnaies des principaux partenaires commerciaux du Canada. L'indice TCEC remplace l'indice C-6.

## CONSUMER PRICE INDEX

LAST DATA POINT PLOTTED: February 2011  
FIN DE LA PÉRIODE CONSIDÉRÉE: février 2011

\* Inflation - control target / \* Cible de maîtrise de l'inflation

(1) Note: Although the target is expressed in terms of the total CPI, the Bank of Canada bases its policy actions on a core measure of the CPI that excludes eight of the most volatile components (fruits, vegetables, gasoline, fuel oil, natural gas, mortgage interest, inter-city transportation and tobacco products) as well as the effect of indirect taxes on the remaining components.

Nota: Bien que la cible soit exprimée en fonction de l'IPC global, la Banque du Canada fonde ses décisions de politique monétaire sur un indice de référence qui exclut de l'IPC huit des composantes les plus volatiles (fruits, légumes, essence, mazout, gaz naturel, intérêts hypothécaires, transport interurbain et produits du tabac) ainsi que l'effet des impôts indirects sur les autres composantes.

Core CPI: The CPI excluding eight of the most volatile components (fruits, vegetables, gasoline, fuel oil, natural gas, mortgage interest, inter-city transportation and tobacco products) as well as the effect of indirect taxes on the remaining components. CANSIM identifier for this series (in level terms) is V41693242. / Indice de référence: Indice des prix à la consommation excluant huit des composantes les plus volatiles de l'IPC (fruits, légumes, essence, mazout, gaz naturel, intérêts hypothécaires, transport interurbain et produits du tabac) ainsi que l'effet des impôts indirects sur les autres composantes. Le numéro d'identification CANSIM de cette série (données exprimées en niveaux) est V41693242.

CPIXFET: The CPI excluding food, energy and the effect of indirect taxes. / IPCHAEI: IPC hors alimentation, énergie et effet des impôts indirects

CPIW: In this measure, each component of the total CPI is multiplied by an additional weight that is inversely proportional to the component's volatility, so that the more volatile the component the less it influences the overall index. / Dans IPCP, chacune des composantes de l'IPC global est multipliée par une pondération additionnelle qui est inversement proportionnelle à la variabilité de la composante, afin que les plus volatiles d'entre elles influencent moins l'évolution de l'indice global.
